IN RE: FIRE DEPARTMENT BUDGET REQUEST

The Board entered into discussion with representatives of the New Kent County Volunteer Fire Department concerning their equipment needs and budgeted funds. Board members were in consensus to make vehicles available (up to three) to the VFD as they are passed on from the Sheriff's Department.

Following this, the Board continued with the work session on the FY Operating Budget for the coming year. As part of the discussion, the Board talked over the fact that the department heads and administrator's salaries were underscale with surrounding communities and like-size counties.

The Board left the subject open for further discussion.

The Board said that at the Board Meeting on May 10 they would consider setting a date for a work session on the Capital Improvements Plan.

The meeting was adjourned.
