INTRODUCTION

This resource guide, developed by New Kent Social Services, is a directory to expand awareness and knowledge and ensure that consumers and their families gain full access to health and human services. It is designed to offer a broad list and overview of services available from various profit and non-profit agencies, churches, professional societies, private groups and voluntary programs. Agencies are often located in New Kent County while many others are located within the regional area. Of course, many other resources also exist in the community and region. Regardless of an agency's location, most services and resources are available to New Kent County residents.

The Resource Guide was first published May 1, 2012 and was updated periodically and as needed. Due to the extensive number of changes, the Resource Guide was republished January 3, 2018. The Guide contains the names, addresses, telephone numbers and websites of organizations that offer a variety of services and information. The table of contents will help refine your search and is hyperlinked to that particular resource list. Known websites are active links to that particular source and are current as of publication. Every effort has been made to include accurate information. Because this type of information is subject to change, we encourage you to update telephone numbers and addresses periodically.

New Kent County and the New Kent Department of Social Services does not discriminate on the basis of race, color, religion (creed), gender, age, national origin (ancestry), disability, marital status, or sexual orientation. We are committed to providing an inclusive and welcoming environment for our staff, clients, volunteers and vendors.

Although many resources are available throughout the County, those included in this Resource Guide are intended to be lead resources and serve as a point of reference. The contents of this guide do not necessarily represent the policy of New Kent County or the New Kent Department of Social Services and are not endorsements for a particular agency or resource.

WHAT TO KNOW FIRST

When making a call to any organization listed in this resource guide, please consider the following:

- Be as prepared as possible in order to get started in the right direction.
- Be patient, as numerous calls may need to be made to discover the most helpful resources.
- Understand the first contact may provide an overview of the most basic knowledge and information pertaining to an organization or service. The first contact may make a referral to other organizations better designed to meet personal and specific needs for information, resources, services and benefits.

Individuals should be able to describe personal circumstances or the situation to ensure organizations understand what services are needed. Organizations are better able to assist or make appropriate referrals when given enough information.

Remember some services may have specific requirements, such as age, income, assets (such as bank accounts), residence and/or type of disability. Individuals should be prepared to provide information about their situation and also be prepared to ask questions about the services.

Some organizations may require identification, such as photo identification, Social Security card, or a birth certificate. Non-US citizens may need to bring a Green Card.

ADULT DAY CARE CENTERS AND SERVICES

An adult day care center, also commonly known as adult day services, is a non-residential facility providing activities for elderly and/or handicapped individuals. Most centers operate 10 – 12 hours per day and provide meals, social/recreational outings, and general supervision. Adult daycare centers operate under a social model and/or a health care model.

Adult day care centers may focus on providing care only for persons with Alzheimer's and related dementias or their services may be available for any adult with disabilities. Some day centers maintain a nurse on-site. They may also provide transportation and personal care as well as counseling for caretakers.

Participation in adult day care often prevents re-hospitalizations and may delay admission to residential long term care. For participants who would otherwise stay at home alone, the social stimulation and recreational activities may improve or maintain physical and cognitive function. For caregivers, adult day centers provide respite care, enabling caregivers to work or to have a break from their caregiving responsibilities.

Area adult day centers are listed on the next few pages. For additional information and referrals, contact:

ADDITIONAL PROGRAMS

FRIENDSHIP CAFÉS —

Senior Connections, The Capital Area Agency on Aging, opened a Friendship Café in New Kent in December, 2015. The New Kent Friendship Café is located at New Generation of Gods Children in Faith Church, 6160 Pocahontas Trail, Providence Forge, VA. The Café is open from 9:30 a.m. to 1:00 p.m. on Tuesday and Thursday.

Senior Connections, The Capital Area Agency on Aging, also operates the Friendship Café at the Ruthville Gymnasium Complex located at 13100 The Glebe Lane, Charles City, VA.

The Cafés are neighborhood gathering places for seniors and provide a hot mid-day meal, good friends, and many activities to keep seniors connected to the community. For additional information on either Café, please call 804-343-3000 or visit the website at www.seniorconnections-va.org.

AGING

There are many agencies devoted solely to concerns and issues of the aging population. Concerns range from health and well-being to the prevention of abuse and neglect. The websites listed below provide research, information, and resources for the older adult population and those serving older adults.

ALZHEIMER'S DISEASE AND DEMENTIA RESOURCES

Thank you to Denise Scruggs from the Beard Center on Aging at Lynchburg College for this information.

ALZHEIMER'S ASSOCIATION

www.alz.org or 1-800-272-3900; or,

Alzheimer's Association	4600 Cox Road, Ste. 130	804-967-2575
	Glen Allen, VA 23060	24 hour helpline:
		1-800-272-3900

The Alzheimer's Association, a leader in Alzheimer's research and support, provides reliable information and care consultation and support services for families.

ALZHEIMER'S DISEASE EDUCATION AND REFERRAL (ADEAR) CENTER

<http://www.nia.nih.gov/alzheimers/about-adear-center>

A service of the National Institute on Aging, the ADEAR Center offers information and publications for families, caregivers, and professionals on diagnosis, treatment, patient care, caregiver needs, education and training. The website offers free online publications in English and Spanish.

CAREFINDER

www.alz.org/carefinder/index.asp

The Alzheimer's Association CareFinder is an online tool to help those affected by Alzheimer's disease find good care in their community. The website has sections on Planning Ahead, Care Options, Coordinating Care, and Support and Resources.

CHILDREN OF AGING PARENTS

<https://www.caregiver.org/children-aging-parents> or 1-800-227-7294

An online support group for adults caring for their parents and other relatives. Also provides a list of in-person support groups in different states.

FAMILY CAREGIVER ALLIANCE—NATIONAL CENTER ON CAREGIVING

www.caregiver.org or 1-800-445-8106

Family Care Navigator: Helps family caregivers locate public, nonprofit, and private programs and services nearest their loved one—living at home or in a residential facility. Resources include government health and disability programs, legal resources, disease-specific organizations and more.

NATIONAL COUNCIL OF CERTIFIED DEMENTIA PRACTITIONERS

www.nccdp.org

This organization offers certification for professionals working with clients with dementia and has a wealth of other information.

THIS CARING HOME

<http://www.thiscaringhome.org>

This website has a virtual home that provides information on safety products available and helps caregivers learn new strategies that enhance the safety and well-being of their loved ones. The award-winning website is a project of Weill Cornell Medical College and includes a Home safety Section that allows caregivers to explore research-based solutions to home safety and daily care issues by a simple mouse click over a room.

VIRGINIA FAMILY CAREGIVER SOLUTION CENTER

www.VirginiaFamilyCaregiver.org

The Virginia Family Caregiver Solution Center is devoted to providing respite resources for caregivers across the lifespan — parents of children with disabilities and adults with disabilities, as well as for caregivers of older adults. You will find both services in your community, as well as educational information, to help you stay emotionally and physically healthy.

ASSISTED LIVING FACILITIES

Assisted Living Facilities (ALFs) are licensed by the Virginia Department of Social Services (VDSS), Division of Licensing Programs, to provide maintenance or care to four or more adults. ALF placement is appropriate when an adult is assessed to need assistance with activities of daily living (ADLs), instrumental activities of daily living (IADLs), administration of medication and/or supervision due to behavioral problems, but does not require the level of care provided in a nursing facility.

Assisted living as it exists today emerged in the 1990s as an eldercare alternative on the continuum of care for people, normally seniors, for whom Independent living is no longer appropriate but who do not need the 24-hour medical care provided by a nursing home. Assisted living is a philosophy of care and services promoting independence and dignity. A searchable data base of licensed ALFs can be found at:

<http://www.dss.virginia.gov/facility/search/alf.cgi>

Listed below are some of the Assisted Living Facilities in the surrounding areas. For a complete list, please use the website provided above. Facilities that accept the Auxiliary Grant (AG) have the AG notation. For more information on [Auxiliary Grants](#), click on the Auxiliary grant link or go to Social Services in this guide.

BEREAVEMENT RESOURCES

Grief is a multifaceted response to loss, particularly to the loss of someone or something that has died, to which a bond or affection was formed. Although conventionally focused on the emotional response to loss, it also has physical, cognitive, behavioral, social, spiritual, and philosophical dimensions. While the terms are often used interchangeably, bereavement refers to the state of loss, and grief is the reaction to loss.

The following resources, by themselves or in addition to your own sources, are offered as support during a difficult time.

Bereaved Parents of the USA

Loss of a Child, grandchild, or sibling

www.bereavedparentsusa.org

Mechanicsville Chapter
Outreach Contact/Chapter Leader

FUNERAL ARRANGEMENTS—

There are numerous funeral homes that meet the needs of New Kent residents and their families. The Cremation Society of Virginia will also provide assistance. The Richmond location is located at 1927 Westmoreland St., Richmond, VA 23230; Phone: 804-355-3360.

SERVICES FOR PEOPLE WITH BRAIN INJURY IN VIRGINIA

The information below is provided by the Department for Aging and Rehabilitative Services (DARS).

STATE ADMINISTERED SERVICES

The following services and programs are administered directly by the Department for Aging and Rehabilitative Services (DARS):

The **Brain Injury Services Coordination Unit (BISCU)** is located at the **Department for Aging and Rehabilitative Services (DARS)**, Virginia's designated "lead state agency" for planning and monitoring services that enhance the quality of life and vocational goals of persons with acquired brain injury. BISCU Unit manages about \$6 million in programs and services, primarily through federal/state grants, and state-funded contracts with organizations across the Commonwealth. BISCU Unit provides information and consultation about acquired brain injury to DARS staff and external customers. BISCU staffs the Commonwealth Neurotrauma Initiative Trust Fund and the statewide Virginia Brain Injury Council.

- **Brain Injury Direct Services (BIDS) Fund** provides short-term specialized services, assistive technology, and equipment / goods that people with brain injury may need to live more independently and move forward in their recovery. Funds are limited and can be used only if no other funding source is available ("fund of last resort"); it is recommended that you contact DARS prior to applying for funding. BIDS Fund does *not* pay for inpatient medical rehabilitation or any type of residential services. Individuals must be one year post-injury and meet disability and financial criteria.
- Commonwealth Neurotrauma Initiative (CNI) Trust Fund, established legislatively in 1997 for the purpose of "improving the treatment and care of Virginians with traumatic spinal cord or brain injuries," disburses funding to Virginia-based organizations, institutions, and researchers through a competitive grant process administered by DARS. The Advisory Board awards grant funds of \$5,000 to \$150,000 per year for up to three years in alternating cycles for either research or community based services grants.
- **Federal Traumatic Brain Injury (TBI) Implementation Partnership Act** funding was awarded to DARS for a four-year grant project entitled, "**Facilitating Access to Care and Enhancing Services**" for the period 2014-18. The primary goals of the grant focus on Information and Referral, Professional Training, Screening, and Resource Facilitation, all designed to expand and strengthen the state's infrastructure. Three DARS subcontractors assist in carrying out grant activities: the primary contractor is the Brain Injury Association of Virginia (BIAV). In addition, James Madison University completed a Year 1 study on the access of Virginians with brain injury to neurobehavioral services; University of Virginia will implement a brain injury screening program at eight community sites during Years 2-4. The DARS Federal grant does not provide direct services to consumers; it is a systems change grant.

Centers for Independent Living (CILs) provide services statewide that promote the independence, productivity, and leadership of people with disabilities. CILs are operated by people with disabilities who assist others to take charge of their own lives. CILs work with individuals and communities to remove barriers to independence. Services include information / referral, peer counseling, independent living skills training, and individual and systems advocacy. There are 16 CILs and four satellite CILs located throughout Virginia.

Community Rehabilitation Case Management Services (CRCMS) Program provides case management / service coordination for individuals with central nervous system and other severe functional disabilities (including brain injury). Rehabilitation Specialists assist in identifying individual needs and identify resources to increase independent living and community integration.

Personal Assistance Services for People with Brain Injury (PAS/BI) provides personal assistance to people with significant functional limitations due to a physical disability caused by a brain injury and who are ineligible for attendant services through other sources. The consumer and a consumer-designated representative manage all aspects of employing a personal assistant. Services may include assistance getting in/out of bed, dressing, bathing, meal preparation, and housework. Priority is given to individuals at risk of institutional placement.

Vocational Rehabilitation (VR) Program is the federal/state funded program within the **Department for Aging and Rehabilitative Services (DARS)** that offers employment-related assistance to persons with disabilities, including people with brain injuries. Individuals who meet disability and financial eligibility criteria work with a Vocational Rehabilitation Counselor to jointly develop an Individualized Plan for Employment (IPE) that identifies an employment goal, as well as services or training to achieve that goal. Services include evaluation of skills and abilities; help determining an employment goal; counseling and guidance; vocational training; and job seeking / job placement services. *Contact DARS at 800-552-5019, TTY 800-464-9950, or on-line <http://www.vadars.org>.*

Wilson Workforce and Rehabilitation Center (WWRC) is a state-funded rehabilitation facility operated by the **Department for Aging and Rehabilitative Services (DARS)** that offers an array of residential and outpatient services ranging from a comprehensive rehabilitation therapy program to vocational training to short-term assessment. Eligible individuals with acquired brain injury may receive supplemental specialized services such as neuropsychological assessment and therapy / counseling; cognitive rehabilitation services; independent living / community re-entry skills; and physical, occupational, and speech / language therapies. <https://www.wwrc.net>.

STATE CONTRACTED PROGRAMS/SERVICES

The following organizations receive Commonwealth of Virginia state general funds to provide programs/services through contracts managed by the Department for Aging and Rehabilitative Services:

Brain Injury Association of Virginia (BIAV) provides **statewide** information and support to people with brain injury, family members, and professionals. BIAV services include a toll-free help-line, an information clearinghouse and resource library, referrals to brain injury-specific and general community resources, a statewide network of support groups, systems advocacy, educational events, and an adult camp for survivors. BIAV also has Regional Resource Coordinators in **four areas of the state** who provide information/referral, education, public awareness and resource development locally. *Contact Brain Injury Association of Virginia, 1506 Willow Lawn Drive, Suite 212, Richmond, VA 23230, by phone 804-355-5748, Toll-free Help Line 800-444-6443, e-mail info@biav.net, or on-line <http://www.biav.net>.*

Brain Injury Services, Inc. (BIS INC) provides information and referral, case management, supported living, and volunteer placement for people with brain injuries in **Northern Virginia**; case management is also available in the **Fredericksburg** area. In addition, BIS INC operates two clubhouses: ADAPT Clubhouse in the **Fairfax** and Westwood Clubhouse in **Fredericksburg**. Clubhouse members are actively involved in the daily operation of the clubhouse through a “work-ordered day” which leads to improved work skills and behaviors that support community and vocational re-entry. *Contact Brain Injury Services, Inc., 8136 Old Keene Mill Road, Suite B102, Springfield, VA 22152, by phone 703-451-8881 or on-line <http://www.braininjurysvcs.org>.*

Brain Injury Services of Southwest Virginia (BISSWVA) provides information and referral, case management, Community Support Services (life skills training), and volunteer placement for individuals with brain injury residing in the LENOWISCO, Cumberland Plateau, Mount Rogers, New River Valley, and Roanoke Valley-Alleghany areas of the state. Contact Brain Injury Services of Southwest Virginia 3904 Franklin Road, Suite B, Roanoke, VA 24014-3039, by phone 866-720-1008 *or on-line <http://www.bisswva.org>.*

Community Brain Injury Services. operates two clubhouses, The Mill House in **Richmond** and Denbigh House in **Newport News**. Clubhouse members are actively involved in daily operations of the clubhouse through a “work-ordered day” which leads to improved work skills and behaviors that support community and vocational re-entry. CBIS also offers Employee Development Services (EDS) which provides a structured and in-depth assessment of an individual’s work-related skills and abilities. Community Brain Injury Services also provides information and referral, limited case management through the clubhouse, and volunteer placement for members of The Mill House and Denbigh House. Supported Employment (job development and placement services) is also offered at The Mill House. CBIS also employs a full-time case manager who provides long-term case management to individuals residing in the **Greater Richmond** metropolitan area. *Contact Community Brain Injury Services, 7812 Shrader Road, Richmond, VA 23294, by phone 804-261-7050, or on-line at <http://www.communitybraininjury.org>.*

Crossroads to Brain Injury Recovery (CBIR) provides information and referral, case management, Community Support Services (life skills training), and volunteer placement for individuals with brain injury in the Greater Shenandoah Valley to include the counties of **Rockbridge, Augusta, Bath, Highland, and Rockingham**; and the cities of **Harrisonburg, Lexington, Buena Vista, Waynesboro, and Staunton**. Crossroads’ main office is located in Harrisonburg on the James Madison University Campus in Blue Ridge Hall. The organization also has a satellite office at Woodrow Wilson Rehabilitation Center in Fishersville. *Contact Crossroads to Brain Injury Recovery, Blue Ridge Hall MSC 9020, Harrisonburg, VA 22807, by phone 540-568-8923, or on-line at <http://www.c2bir.org>.*

Eggleston Services, Inc. operates Beacon House, a clubhouse program for people with brain injury in the **South Hampton Roads** area. Members are actively involved in the daily operation of the clubhouse through a “work-ordered day” which leads to improved work skills and behaviors that support community and vocational re-entry. *Contact Eggleston, 1161 Ingleside Road, Norfolk, VA 23502-5608, by phone 757-858-8011, e-mail on-line infor@egglestonservices.org*

SERVICES FOR PEOPLE WITH BRAIN INJURY IN VIRGINIA — continued

No Limits Eastern Shore (NLES) operates No Limits, a day program for people with brain injury on the **Eastern Shore**. Day programs provide individuals with brain injury the opportunity to participate in structured activities in a supportive environment. Activities may include vocational tasks, community outings, computer training, and social/recreational activities. *Contact No Limits Eastern Shore, 149 Market Street, Onancock, Virginia 23417, by phone 757-789-3990, or on-line at www.nolimitseasternshore.com.*

The Bridge Line (formerly Virginia Neurocare Foundation) administers High Street Clubhouse in **Charlottesville**. Clubhouse members are actively involved in the daily operation of the clubhouse through a “work-ordered day” which leads to improved work skills and behaviors that support community and vocational re-entry. *Contact The Bridge Line, P.O. Box 7292 Charlottesville, VA 22906 by phone 434-989-1274, or online at <http://thebridgeline.org/>.*

Virginia Supportive Housing (VSH) provides case management services to residents of two community homes for people with brain injury in the **Richmond** metropolitan area: Independence House, which houses six individuals, is located in the Fulton Hill community, and Bliley Manor, which houses eight individuals, is located in the Southside of Richmond. Limited follow-up case management is available to individuals who have moved on to more independent residential settings. .

CONSUMER DIRECTED FACILITATORS FOR PERSONAL CARE

CONSUMER-DIRECTED PERSONAL ASSISTANCE SERVICES (CD) helps individuals with their daily needs, such as dressing, bathing, eating, and assistance with self-administration of medication. Services may also be used to support individuals with their activities of daily living (ADLs) at work and other places in their communities. These services are available in the CCC Plus (Commonwealth Coordinated Care), HIV/AIDS, and Developmental Disabilities (DD) Waivers. As of July 1, 2017, the EDCD Waiver and Tech Waiver are known as the CCC Plus Waiver.

CD services in the CCC Plus Waiver are different from agency-directed services in the CCC Plus Waiver. Services provided through personal care agencies are agency-directed services. The agency employs the people (usually called “staff”, or “certified nurses’ aides”, or “home health aides”) who work with the individual in agency-directed services. The individual chooses the agency; the agency assigns staff members to the individual. In CD services, the CD personal assistant and respite provider work for the CD employer.

Listed below are some of the Consumer Directed Facilitators serving New Kent. Please know that while none of the Consumer Directed Facilitators reside in or have an office in New Kent, they do serve New Kent residents. **This list is subject to change.** For additional facilitators, please access:

<https://www.virginiamedicaid.dmas.virginia.gov/wps/portal/SearchForProviders>. (Under Provider Type, choose Case Management—Waiver and Service Facilitation.)

Contact for information related to Virginia’s current legislative or policy initiatives.</p>

This list is for informational purposes and is not an endorsement of a particular agency or individual.

DOMESTIC VIOLENCE SHELTERS

A women's shelter (often alternatively called a woman's refuge or other, similar names) is a place of temporary refuge and support for women escaping violent or abusive situations, such as rape, domestic violence and sexual assault. The managers of many of these locations have often expanded their efforts to deal with related issues such as housing, victimized children, both male and female, fleeing abuse as well as providing legal aid for domestic violence victims, among many other services.

Having the ability to leave a situation of violence is valuable for those who are under attack. Such situations frequently involve an imbalance of power that limits the victim's financial options. The most dangerous time for a domestic violence sufferer is on the point of exit. A person in a domestic violence situation should create an exit safety plan to leave the situation in a safe manner.

If you need help or someone you know is experiencing or in some way involved in domestic violence, please recognize that there are measures to take in order to prevent further harm. If you are a victim of domestic violence and/or sexual assault we strongly urge you to devise a safety plan for a time of extreme emergency. The following list of shelters will be a great start for obtaining help and vital information.

Chesterfield/Henrico/Richmond	Safe Harbor	804-287-7871
Gloucester/King William	Served by Avalon	Please call 757-258-5022

HOME HEALTH CARE

HOME HEALTH CARE is the service that permits individuals to receive both long-term and short-term skilled medical or personal care in the comfort and privacy of their own home.

SKILLED MEDICAL CARE is prescribed by the physician(s) and is the in-home extension of medical care provided in the hospital or other care facility. Skilled medical care is provided by fully trained and licensed medical professionals. Skilled medical care includes but is not limited to:

- Cardiac Care
- Diabetic Care
- Catheter Care
- Lab Testing
- Intravenous Management
- Anodyne (Pain) Therapy
- Medical Social Services
- Orthopedic Care
- Wound Care
- Patient Education
- Mobile X-Ray
- Telehealth Monitoring
- Physical, Occupational and Speech Therapy

PERSONAL CARE SERVICES are life-style support services that do not require specific medical therapies or treatments. Bathing, cooking, transportation, grocery shopping, pet care and light housekeeping, are some examples of Personal Care services. Personal care services include but are not limited to:

- Meal Preparation
- Grocery Shopping
- Medication Reminders
- Companionship
- Light Housekeeping
- One-on-one Care for People Who are Hospitalized
- Assistance with Bathing and Dressing
- Transportation to Medical Appointments
- Assistance with Ambulation and Exercise
- Pet Care
- Laundry
- Respite for Family Caregivers

HOSPICE is a special concept of care designed to provide comfort and support to patients and their families when a life-limiting illness no longer responds to cure-oriented treatments.

- Hospice care is provided by a team-oriented group of specially trained professionals, volunteers and family members.
- Hospice care neither prolongs life nor hastens death. Hospice staff and volunteers offer a specialized knowledge of medical care, including pain management.
- The goal of hospice care is to improve the quality of a patient's last days by offering comfort and dignity.
- Hospice addresses all symptoms of a disease, with a special emphasis on controlling a patient's pain and discomfort.
- Hospice deals with the emotional, social and spiritual impact of the disease on the patient and the patient's family and friends.
- Hospice offers a variety of bereavement and counseling services to families before and after a patient's death.

HOSPITALS AND MEDICAL CARE

IF YOU HAVE AN EMERGENCY, PLEASE DIAL 911.

A hospital is a health care institution providing patient treatment with specialized medical and nursing staff and medical equipment. Hospitals provide for emergency services, inpatient care, and often, longer-term patient stays. Hospitals usually are distinguished from other types of medical facilities by their ability to admit and care for inpatients while other medical settings are often described as clinics.

ADULT PROTECTIVE SERVICES (APS)

Any person, including financial institutions, may report suspected abuse, neglect or exploitation to Adult Protective Services. If you or someone you know is being mistreated, contact your local department of social services and ask for an APS worker, or call the 24-hour, toll-free hotline number provided above.

CHILD PROTECTIVE SERVICES (CPS)

Anyone can report suspected child abuse or neglect to Child Protective services. If you or someone you know is being mistreated, contact your local department of social services and ask for a CPS worker, or call the 24-hour, toll-free hotline number provided above.

For APS and CPS, callers will be asked to provide as much information as possible about the child, the alleged abuser and the incident. You are not required to give your name when you make the report, but if you do identify yourself, the local department of social services will be able to contact you for further information if needed and will be able to inform you of actions that were taken.

Continued—

PERSONS IN CRISIS

HENRICO MENTAL HEALTH

IN AN EMERGENCY— Charles City/New Kent residents call: 804-727-8484
Henrico residents also call: 804-727-8484
TDD: 804-727-8496

Crisis number after 4:30 pm: (804) 727-8484

Individuals experiencing mental health and substance abuse crisis require immediate help. The Emergency Services Program provides an effective, rapid response to critical situations 24-hours a day, 7 days a week.

Services are directed toward adults and children and adolescents who are experiencing severe, acute symptoms of mental illness or emotional disorder, including risk of suicide, risk of danger to others, and emergencies related to alcohol or drug abuse or addiction.

When appropriate, services are provided to individuals who have suffered recent trauma, those who are experiencing overt psychotic symptomatology and victims of physical and sexual abuse. All these individuals experience a high degree of acute psychological stress, limited personal resources to deal with the stress and may well be dangerous to self or to others. They are generally considered to be in crisis and may suffer serious psychological and/or physical harm. These individuals require prompt, professional intervention.

Types of situations requiring immediate intervention include:

- Acute suicidal situations
- Violent behavior
- Significant depression or anxiety
- Alcohol or drug-related emergencies
- Acute mental illness
- Acute child and adolescent problems

Outpatient Emergency Services:

- Telephone Counseling
- Face-to-face Crisis Therapy for individuals, couples, and families
- Psychiatric Evaluations
- Chemotherapy
- Pre-screening for hospitalization (voluntary and involuntary)

When someone requires intensive treatment, the Agency provides inpatient services through relationships with local private hospitals or state hospitals. Information about and referral to other community services are also provided when appropriate.

HOUSING AND HOME REPAIR PROGRAMS

ACCESSIBILITY

Under the Americans with Disabilities Act, every apartment community newly constructed in the last ten years must have physically accessible units and landlords must allow reasonable accommodations to be made. Sometimes simple modifications to the home where the individual currently lives may make it possible for him/her to remain at home. If you need more information about accessibility, call the Statewide Information and Referral System at 1-800-230-6977.

AFFORDABILITY

Finding an affordable place to live is important to everyone; however, individuals on fixed incomes often have difficulty finding such places. For more information on housing assistance programs, call Housing Opportunities Made Equal (HOME) at 1-804-354-0641 or the Virginia Housing Development Authority (VHDA) at 1-804-782-1986.

For additional information on housing accessibility, affordability or home modifications contact:

MEDICARE, MEDICAID and FAMIS

MEDICARE

Health coverage for certain services is offered to individuals who exceed a certain age, as well as individuals of any age who are disabled and meet other eligibility requirements.

Part A is hospital insurance, which helps to pay hospital bills and some follow-up care.

Part B is medical insurance, which helps to pay doctors' bills and other services.

Call 1-800-MEDICARE (633-4227) or (TTY/TDD) 1-877-486-2048 for assistance or visit www.medicare.gov.

You may also contact the Social Security office at 1-800-772-1213 for information about disability determinations. People who are deaf or hard of hearing may call the toll free TTY# at 1-800-325-0778 or visit www.ssa.gov.

MEDICAID

Medicaid provides comprehensive medical insurance and Medicare premium assistance for the aged, blind, or individuals with disabilities, or families with children who meet specific criteria. The New Kent Department of Social Services can determine if someone qualifies. Information is also available through The Statewide Information and Referral System at 1-800-230-6977 or visit <http://dmasva.dmas.virginia.gov>. To apply for Medicaid, go to <https://commonhelp.virginia.gov/access/> or contact New Kent Social Services (804-966-1853).

FAMIS (Family Access to Medical Insurance Security) and FAMIS MOMS

FAMIS is Virginia's program that helps working families provide health insurance to their children. FAMIS covers all the medical care growing children need to avoid getting sick, plus medical care when they do get sick or hurt.

FAMIS MOMS and Medicaid for pregnant women provide complete health care including dental coverage for women when they are expecting a baby.

For information call 1-855-242-8282, (TDD) 1-888-221-1590 or visit www.famis.org. Individuals may also contact New Kent Social Services at 804-966-1853.

You can learn more about Virginia's Medicaid, FAMIS and Plan First programs by visiting www.coverva.gov

MENTAL HEALTH AND COUNSELING SERVICES

NURSING HOMES

State and federal regulatory programs guard the health, safety and welfare of the public by establishing and enforcing standards to assure quality health care. The Office of Licensure and Certification (OLC) of the Virginia Department of Health (VDH) administers the state licensing programs for nursing facilities, hospitals, home care organizations and hospice programs.

Nursing facilities are state licensed and federally certified by the OLC/VDH. The majority of Virginia's nursing facilities accept Medicare and Medicaid reimbursement. A nursing facility's inspection reports are available at the facility or by contacting OLC/VDH.

Information regarding Virginia's nursing facilities can be found on the web at:

www.VDH.Virginia.gov/OLC

Or on the federal Nursing Home Compare site at:

<http://www.medicare.gov/nursinghomecompare/search.html>

Some of the area nursing facilities include:

NEW KENT SOCIAL SERVICES

New Kent Social Services is a County agency that is State supervised and locally administered. The purpose of the agency is to promote self-reliance and protection for citizens through community-based services. Staff is dedicated to providing advocacy and quality services to individuals and families to help them achieve self-sufficiency; to preserve and restore families; and, to protect the well-being of children and aged and adults with disabilities. The agency provides a variety of benefit and service programs. These program areas include assistance to eligible individuals and families for medical care, food, cash assistance, child and adult abuse/neglect, and out of home placement. For additional information contact the agency directly at 804-966-1853. Office hours are Monday – Friday from 8:00 a.m. to 4:30 p.m.

NEW KENT SOCIAL SERVICES PROGRAMS

BENEFIT PROGRAMS: BASIC INFORMATION

Benefit Programs are designed to help people overcome poverty and to shape strong futures for themselves and their families. Numerous programs provide financial assistance to those in need who meet the eligibility criteria.

AUXILIARY GRANTS

An Auxiliary Grant is an income supplement for individuals who receive Supplemental Security Income (SSI) and certain other aged, blind, or disabled individuals who reside in a licensed assisted living facility (ALF) or an approved adult foster care (AFC) home.

An AG payment is issued to an individual monthly, to be used with a designated amount of their monthly income to pay an ALF or AFC a maximum monthly rate. This rate is determined by the Virginia General Assembly and is adjusted periodically.

The AG Program is 80 percent state funded and 20 percent locally funded and is administered by the Virginia Department of Social Services. It is only for individuals who reside in an ALF licensed by the Virginia Department of Social Services' Division of Licensing Programs or in an AFC home approved by their local department of social services. Not all ALFs accept AG payments.

CHILD CARE ASSISTANCE

The Child Care Subsidy Program provides financial assistance to eligible families to help pay for the cost of child care so they can work or attend education or training programs. The Child Care Subsidy Program services are child-centered and family-focused and support the broader objective of strengthening families' goals of economic self-sufficiency and quality early childhood programs for their children. Participating families may select any legally operating child day care facility eligible to participate in the program.

A list of child care facilities can be obtained from the Virginia Department of Social services website at www.dss.virginia.gov. Go to Children and then Child Care Facilities.

Information is also available from the Virginia Child Care Resource and Referral network at <http://vachildcare.org>.

EMERGENCY SERVICES PROGRAM

Emergency Services is a non-mandated "Local-Only" funds limited program.

Serving clients with emergency needs is very important part of our job at the New Kent Department of Social Services (NKDSS). It is not unusual for individuals and families to be in a position where they need emergency assistance. Hopefully, emergency services will assist with stabilizing families/individuals so they can continue on their path to self-sufficiency.

Emergency Services will be offered by, but not limited to, all service workers, to include Employment Services, Adult Services, Child and Family Services and Foster Care. The worker will be responsible for completing the Service Application and/or assessment regarding the appropriateness of Emergency Services and coordinating funds or services with other community resources, if applicable. Appropriate agency paperwork will be completed. The worker will follow-up with vendors, such as power companies, pharmacies, landlords, etc. to ensure the need is met. Workers may deny Emergency Services based on the assessment outcome. Emergency Services funds may be received only once during the local fiscal year period, July 1 through June 30.

If applicable, individuals will be referred to other appropriate community resources.

NEW KENT SOCIAL SERVICES PROGRAMS—Continued

Individual income sustainability has no bearing on this population served since this program is a one-time only payment from the beginning of the local fiscal year to the end of that same local fiscal year (July 1 through June 30).

If found eligible, applicants/individuals may be required to attend a two-session money management course and/or make repayment.

Emergency services that can be provided by NKDSS include:

- Medicine or medical care
- Utilities
- Food
- Shelter (temporary, possibly a short-term hotel/motel)
- Transportation or vouchers
- Infant needs, i.e. diapers, formula
- Unusual emergencies that do not meet one of the areas above, as determined by the social worker
- Gift Cards or Goodwill Vouchers, if available

ENERGY ASSISTANCE

The Energy Assistance Program is made up of the three components:

- **Fuel Assistance** component helps eligible households with the costs of heating their homes.
- **Crisis Assistance** component helps households in heating emergency situations with primary heat security deposits, utility heating bills, repair/replacement of heating equipment, primary heating fuel or emergency shelter.
- **Cooling Assistance** component helps with cooling equipment purchases or repairs and also with the electric bill.

In order to be eligible for any of the components a household's income must be less than the maximum allowed for the number of people in the home. Other requirements are as follows:

- Fuel Assistance: You must be responsible for paying the heating bill.
- Crisis Assistance: You must have a heating emergency.
- Cooling Assistance: You must have or be in need of cooling equipment and there must be an elderly person, disabled person or a child under 6 living in the home.

Applications are accepted at the local department of social services as follows:

- Fuel Assistance: the second Tuesday in October through the second Friday in November.
- Crisis Assistance: November 1 through March 15 for equipment related assistance, security deposits, and emergency shelter. First workday in January through March 15 assistance is available for primary heating fuel and payments for primary heating utility bills.
- Cooling Assistance: June 15 through August 15.

All Energy Assistance benefits are based on availability of funds.

MEDICAL ASSISTANCE PROGRAMS (MEDICAID)

There are several Medical Assistance Programs offered in Virginia. Each program covers different groups of people and each program has different eligibility requirements. When you apply for Medical Assistance, you are screened for all possible programs based on your age, income, financial resources, and other information. To be eligible for a Medical Assistance Program, you must meet the financial and non-financial eligibility conditions for that program.

- Children under age 19
- Parents and Caretakers of Dependent Children
- Pregnant Women
- Supplemental Security Income (SSI) Recipients
- Adults Aged 65 or Older, Blind or Disabled (not receiving SSI)

You can learn more about Virginia’s Medicaid, FAMIS and Plan First programs by visiting www.coverva.gov. To apply for Medicaid, go to <https://commonhelp.virginia.gov/access/> or contact New Kent Social Services (804-966-1853).

LONG TERM CARE (LTC)

The term “institutionalized” is used by The Department of Medical Assistance Services (DMAS) to refer to a person who is receiving long-term care in a medical or nursing facility or who has been screened and approved to receive Medicaid-covered Long-Term Care (LTC) services in the home or community setting. Special Medicaid eligibility rules, including a higher income limit, apply to institutionalized individuals.

A person meets the definition of an institutionalized person for the purposes of Medicaid eligibility when the person has received 30 consecutive days of care in a medical institution (such as a nursing facility), or Medicaid Community-Based Care (CBC) waiver services; or a combination of the two.

The definition of institutionalization is also met when an individual has a signed hospice election that has been in effect for 30 consecutive days.

A person’s Medicaid eligibility can be determined using the eligibility rules that apply to institutionalized individuals when the person is already in a medical facility at the time of the Medicaid application, or the individual has been screened and approved to receive LTC services and it is anticipated that he is likely to receive the services for 30 or more consecutive days.

SNAP (SUPPLEMENTAL NUTRITIONAL ASSISTANCE PROGRAM)

SNAP (formerly Food Stamps) can be used like cash to buy eligible food items from authorized retailers. Authorized retailers will display either the Quest logo or a picture of a Virginia Electronic Benefits Transfer (EBT) card.

A SNAP account is established for eligible households and automatic deposits are made into the account each month. To access the account, they will also receive an EBT Card, which will debit the account each time eligible food items are purchased. A confidential Personal Identification Number (PIN) is required to use the card.

NEW KENT SOCIAL SERVICES PROGRAMS—Continued

Items that can be purchased with SNAP include:

- Food or food products meant to be eaten by people
- Vegetable seeds and food producing plants, roots, and trees for family consumption
- Baby formula, diabetic, and diet foods
- Edible items used in preparing or preserving food such as spices and herbs, pectin, and shortening
- Water and ice labeled for human consumption
- Snack foods
- Meals delivered to elderly or disabled SNAP recipients if the organization providing the meal is authorized to accept EBT cards

Items that cannot be purchased with benefits include:

- Prepared hot foods in grocery stores
- Any prepared food (hot or cold) sold and meant to be eaten at the store
- Alcoholic beverages and tobacco
- Cleaning products, paper products, toiletries, and cooking utensils
- Pet foods
- Items for food preservation such as canning jars and lids, freezer containers, or food wrapping paper
- Medicines, vitamins or minerals
- Items for gardening such as fertilizer and peat moss

Retailers will not give cash change on an EBT purchase. The EBT card will not allow a person to receive cash from an Automated Teller Machine (ATM).

Food purchased with SNAP benefits is exempt from the state sales tax. However, sales tax is charged on the value of manufacturer's coupons that might be used in the transaction, and the sales tax must be paid in cash.

Example: An EBT cardholder's groceries add up to \$27.50. She has manufacturer's coupons which total \$3.50, to reduce her grocery bill to \$24.00. \$24.00 is deducted from her EBT account, and she will owe Virginia's food sales tax on the value of the coupons (2.5% food sales tax times \$3.50 equals 8.75 cents, rounded to 9 cents). When items that were purchased with SNAP benefits are returned to the store, the merchant credits the money back to the EBT account. Cash is not given back.

At the checkout counter, tell the cashier beforehand that you will pay with your EBT Card. Depending on the store, you may need to separate the items.

STEPS TO APPLY

1. Complete screening for potential eligibility
2. Complete an online application or submit a written Application for Benefits to your local department of social services. Local offices also have copies of the written application, which you can ask to be mailed to you. The completed application can be mailed or e-mailed back to them if you so choose.

NEW KENT SOCIAL SERVICES PROGRAMS—Continued

Proof of identity (such as driver's license or picture I.D) and citizenship are required. You must also declare your gross income. An interview is also required. If you apply at your local department of social services, the interview may take place at a later date.

Applications for Temporary Assistance for Needy Families (TANF) or General Relief are considered an application for SNAP, unless you request otherwise.

If all members have applied for or get Supplemental Security Income (SSI), you may also apply for SNAP at the local Social Security office.

TANF (TEMPORARY ASSISTANCE TO NEEDY FAMILIES)

The TANF program provides eligible families with a monthly cash payment to meet their basic needs. For a child to be eligible he/she must be:

- Under age 18, or if 18, will graduate from high school before age 19
- Going to school regularly if he/she is between the ages of five and 18
- Living with a parent or other relative
- A U.S. citizen or an eligible immigrant

The Code of Virginia, §63.2-600 et al, requires that the TANF program be administered in accordance with federal and state statutes and regulations and policies established by the State Board of Social Services.

Virginia's TANF program emphasizes personal responsibility. Participants may be provided with services such as job skills training, work experience, job readiness training, child care assistance, transportation and other work related expenses.

A child will not be eligible if born to or adopted by a TANF recipient more than 10 months after an applicant begins to receive TANF payments. The Division of Child Support Enforcement will send all support collected for this child directly to the family. This support will not count as income in the TANF program.

SERVICES PROGRAMS: BASIC INFORMATION

Services Programs within the local department of social services are designed to promote and support the development of healthy families and protects Virginia's children and adults from abuse and neglect. Services programs are dedicated to helping adults, children, seniors and families to find the help, support and resources they need. For more information visit: www.dss.virginia.gov or call 804-966-1853.

ADULT SERVICES

The Adult Services Program assists elderly individuals or other adults who have an impairment and need services or support to enhance self-sufficiency and improve their quality of life. Services offered may include:

- Home-based services (companion, chore and homemaker services)
- Adult day care
- Case management

NEW KENT SOCIAL SERVICES PROGRAMS—Continued

- Nutrition
- Assessments for adults entering or residing in assisted living facilities
- Screenings for adults entering nursing facilities or who need Medicaid-funded home and community-based waivers

These services are provided by local departments of social services and are designed to help adults remain as independent as possible, preferably in their own home. The goal is to strengthen appropriate family and social supports and reduce the need for institutional placement.

An application for services is available at the local department of social services. It can be completed by the person seeking services or by someone acting on that person's behalf. The applicant's eligibility for services will be determined based on need, the availability of the services and any financial eligibility requirements that apply.

ADULT PROTECTIVE SERVICES (APS)

To report suspected adult abuse, neglect or exploitation, call your local department of social services or the Virginia Department of Social Services 24-hour, toll-free Adult Protective Services hotline at: (888) 832-3858.

APS investigates reports of abuse, neglect, and exploitation of adults 60 years of age or older and incapacitated adults age 18 or older. If protective services are needed and accepted by the individual, local APS social workers may arrange for a wide variety of health, housing, social and legal services to stop the mistreatment or prevent further mistreatment. Services offered may include home-based care, transportation, adult day services, adult foster care, nutrition services and legal intervention in order to protect the adult. Services may also be arranged for individuals in emergency situations who lack the capacity to consent to services.

CHILD PROTECTIVE SERVICES (CPS)—CHILD ABUSE AND NEGLECT HOTLINE

Hotline Numbers:

- In Virginia: (800) 552-7096
- Out-of-state: (804) 786-8536
- Hearing-impaired: (800) 828-1120

The Virginia Department of Social Services operates a statewide CPS Hotline 24/7 to support local departments of social services by receiving reports of child abuse and neglect and referring them to the appropriate local department of social services. The CPS Hotline is staffed by trained social workers.

Anyone can report suspected child abuse or neglect to a local department of social services or to the CPS Hotline. Callers will be asked to provide as much information as possible about the child, the alleged abuser and the incident. You are not required to give your name when you make the report, but if you do identify yourself, the local department of social services will be able to contact you for further information, if needed, and will be able to inform you of actions that were taken.

Each report is evaluated by the local department of social services to determine if the report information meets the legal definition of child abuse or neglect and whether CPS has the authority and responsibility to conduct a family assessment or an investigation to determine the child's immediate safety needs, and to determine if the family needs services.

CPS Hotline staff may provide general information and educational materials about child abuse or neglect to callers from the general public, child care providers, school educators and medical professionals on recognizing and reporting suspected child abuse or neglect.

CPS Hotline staff is also trained to provide crisis counseling and intervention if needed, and can provide information and referral assistance to callers to locate prevention and/or treatment programs in their area.

Criteria for Child Abuse:

- Alleged victim is under the age of 18 at the time of the report
- Alleged abuser is in a caretaking role
- Alleged abuse or neglect meets the definition of abuse or neglect as defined by the CPS laws, regulations and policy
- The Virginia Department of Social Services local agency has jurisdiction to respond to the report

CPS GOALS

The goal of CPS is to identify, assess and provide services to children and families in an effort to protect children, preserve families, whenever possible, and prevent further maltreatment. CPS is non-punitive in its approach and is directed toward enabling families to provide adequate care for their children. Local departments of social services are responsible for receiving reports of abuse and neglect; screening information to determine the validity of the CPS reports; and providing services that enhance child safety and prevent further abuse and neglect to families and children.

CPS also develops statewide public awareness and education programs and administrates state and federal grants to prevent abuse and neglect.

FAMILY ENGAGEMENT

Family engagement is one of the cornerstones of the Virginia Children's Services System Transformation, transforming Virginia's child welfare system. No longer are Virginia's social services agencies the sole decision makers for Virginia's children and families. Family engagement requires a shift from the belief that agencies alone know what is best for children and families to one that allows the family to fully participate in the decision-making process.

FOSTER CARE

Ideally, at-risk children should remain with their actual families whenever possible. Although foster care services offered by the Commonwealth of Virginia make every effort to keep them together, it isn't always possible. Once it is determined that a child must leave the family unit and go into foster care, a host of other services becomes available to them, which are designed to promote child safety and well-being within a nurturing, family environment.

Placement Services

This involves placing a child with a foster family, group home, residential children's facility or an independent living arrangement.

Teaching Independent Living Skills

Services are designed to help foster kids ages 14-21 to develop the skills necessary to transition from foster care to self-sufficiency. Personal development skills such as self-esteem, communication skills, decision-making, conflict resolution and anger management are emphasized.

Physical or Mental Health Treatment

This service often includes help with:

- Substance abuse
- Depression
- Socialization
- ADHD
- Nutritional deficiency
- Pregnancy
- Physical disabilities

Mentoring

- Providing good role models for parents
- Role modeling such as Big Brother/Big Sister programs
- Tutoring

Opportunity for a Permanent Living Situation

This involves fostering relationships between children and relatives or previous caregivers. For older youth leaving care this might include helping find an apartment or a roommate.

TITLE IV-E

This is a federal program designed to provide funding to states to ensure proper care for eligible children in foster care and to provide ongoing assistance to eligible children with special needs receiving adoption subsidies. The program is authorized under Title IV-E of the Social Security Act and it is funded by federal and state/local matching funds. Administration is handled by state and local public child welfare agencies.

Title IV-E is not a grant. It is a program under which the Commonwealth of Virginia is entitled to reimbursement for certain foster care and adoption expenses. Although there is no cap on reimbursement, it is limited to three areas and the funding formula is different for each:

1. Maintenance (e.g. room, board and transportation to visit parents and siblings)
2. Administration (e.g. eligibility determination and case management activities)
3. Training (e.g. training for child welfare staff and foster and adoptive parents)

ADOPTION

Virginia's Adoption Program works to promote adoptions by increasing adoption awareness, by developing policies and procedures for adoption, and by improving the service systems that support adoption.

VDSS is committed to achieving adoption for all children in foster care. The vast majority of these children are older and/or members of minority races. They may also have siblings with whom they need to be placed or have physical, mental and emotional disabilities.

VDSS supports several adoption initiatives and issues that include recruiting prospective families, partnering with the media to feature waiting children, and offering financial assistance and other services that provide stability for adoptive families.

Objectives:

- Reducing the length of time children remain in the foster care system. The average length of time Caucasian children remain in the foster care system is 2.6 years. The average length of time African-American children remain in the foster care system is 3.2 years.

Over the last few years, VDSS has been successful in decreasing the length of time children remain in the foster care. Policies have been implemented that preclude agencies from delaying or denying placement of children based solely on race, culture or national origin, bringing Virginia closer to the national standard of a 32 percent adoption rate within 24 months of entering foster care.

- Providing services to stabilize adoptive families.

Fax: 804-786-0302
Richmond, VA 23219

The Virginia Department of Veterans Services (DVS) connects Virginia's veterans and their families to federal and state benefits, support, quality care, and recognition they have earned. DVS is organized into six service delivery sections – benefits, veterans education, care centers, veterans cemeteries, the Virginia War Memorial, and the Virginia Veteran and Family Support Program.

The Virginia Department of Veterans Services (VDVS) operates 29 benefit offices that assist military veterans and their families in filing claims for federal veterans benefits; two long-term care facilities offering in-patient skilled nursing care, Alzheimer's/memory care and short-term rehabilitative care for veterans; and three cemeteries that provide an honored final resting place for veterans and their families. VDVS provides veterans and family members with direct linkages to services including behavioral healthcare, housing, employment, education and other programs.

To find your nearest Virginia Department of Veterans Service Benefits Office, please visit the following link <http://www.dvs.virginia.gov/benefits/> for contact options.

VIRGINIA VETERAN AND FAMILY SUPPORT (VVFS)

(Formerly Virginia Wounded Warrior Program)

www.dvs.virginia.gov

Virginia Department of Veterans Services
900 East Main Street, 6th Floor, West Wing
Richmond, Virginia 23219

Effective October 1, 2015, the Virginia Wounded Warrior Program (VWWP) transitioned to Virginia Veteran and Family Support.

The Virginia Wounded Warrior Program (VWWP) was established in 2008 by the Virginia General Assembly to ensure that services to military service members, veterans and their families are readily available in all areas of the Commonwealth. It is operated by the Virginia Department of Veterans Services (DVS) in cooperation with the Virginia Department of Behavioral Health and Developmental Services, the Virginia Department for Aging and Rehabilitative Services and numerous community partners including the U.S. Department of Veterans Affairs.

The program provides a statewide delivery and response system for behavioral health, rehabilitative, and support services for military members, veterans and their families and addresses a wide array of health and wellness issues. VWWP serves Virginia veterans of any era, members of the Armed Forces, National Guard and Reserves not in active federal service and their families. Veterans do not have to be wounded to be eligible for care-coordination services.

VWWP services are available statewide and are organized in five geographic regions. To reach your regional office for further information or assistance, please call the toll free number 1-877-285-1299 or the central office 804-371-4675.

SITTER-BARFOOT VETERANS CARE CENTER

1601 Broad Rock Boulevard
Richmond, VA 23224
Admissions: 804-371-8000

Named for two Medal of Honor recipients—Colonel Van Barfoot and Colonel Carl Sitter—this care center provides the gold standard in quality care for Virginia's veterans.

The Sitter & Barfoot Veterans Care Center (SBVCC) is located on the campus of the McGuire VA Medical Center in Richmond, Virginia and is operated by the Virginia Department of Veterans Services. This single-level facility features 200 single-occupancy rooms in four nursing units: two 60-bed skilled nursing care units, one 40-bed skilled nursing care unit and one 40-bed secure Alzheimer's dementia unit with enclosed courtyards.

SBVCC accepts payment from private insurers, Medicare and Medicaid. Most veterans also qualify for the VA per diem facility credit.

Admission Criteria:

- *Honorable discharge from the U.S. Armed Forces*
- *Virginia residency at the time of admission*
- *Meets medical requirements for nursing home care*

The VA Choice Program

<https://www.va.gov/opa/choiceact/>

If you are already enrolled in VA health care, the Choice Program allows you to receive health care within your community. Using this program does NOT impact your existing VA healthcare, or any other VA benefit. Eligibility requirements are provided on the website listed above. Click on "For Veterans".

2-1-1 VIRGINIA

*2-1-1 Virginia is a free service that can help you find additional local resources that you may need.
Available 24 hours a day, seven days a week.*

2-1-1 is an easy to remember phone number connecting people with free information on available community services. When you dial 2-1-1, a trained professional will listen to your situation and suggest sources of help using one of the largest databases of health and human services in Virginia. Nonprofit organizations and federal, state and local government agencies are included in the database and you can access services in your community and statewide.

2-1-1 VIRGINIA provides information and referral for:

- Basic human needs:
Food banks, shelters, rent or utility assistance
- Physical and mental health resources
Medicaid, Medicare, pre-natal care, children's health insurance programs, crisis intervention, support groups, counseling, alcohol and drug rehabilitation
- Work initiatives:
Job training, English as a second language classes, GED preparation, financial and transportation assistance
- Support for seniors and those with disabilities:
Adult day care, meals at home, respite care, home healthcare
- Support for children, youth and families:
After-school programs, tutoring, mentorship programs, counseling, child care centers
- Volunteering in your community:
Mentorship opportunities, locations to donate food, clothing, furniture, computers or other items
- Disaster support services:
Up-to-date information on community and regional response, volunteer and donation coordination, crisis intervention and human service coordination

How to Reach **2-1-1 VIRGINIA**

Dial: 211

Visit: <http://www.211virginia.org>

The New Kent Department of Social Services does not discriminate on the basis of race, color, religion (creed), gender, age, national origin (ancestry), disability, marital status, or sexual orientation. We are committed to providing an inclusive and welcoming environment for our staff, clients, volunteers and vendors.

Although many organizational resources are available throughout the County, those included in this resource guide are intended to be lead resources and serve as a point of reference. The contents of this guide do not necessarily represent the policy of the New Kent County or New Kent Social Services and are not endorsements for a particular agency or resource.
