Further, this subdivision approval is issued in reliance upon the certification that approved lots are suitable for "traditional systems", however actual system designs may be different at the time construction permits are issued.

This subdivision was not submitted to or reviewed by the Health Department because, in accordance with § 32.1-163.5 of the Code of Virginia, the Health Department is required to accept private soil evaluations and designs from an Authorized Onsite Soil Evaluator (AOSE) or a Professional Engineer working in consultation with an AOSE for residential development.

Pursuant to §360 of the Regulations this approval is not an assurance that Sewage Disposal System Construction Permits will be issued for any lot in the subdivision unless that lot is specifically identified as having an approved site and reserve for a "traditional" onsite sewage disposal system, and unless all conditions and circumstances are present at the time of application for a permit as are present at the time of approval.

THIS SUBDIVISION MAY CONTAIN LOTS THAT DO NOT HAVE APPROVED SITES FOR ONSITE SEWAGE SYSTEMS AND MAY NOT RECEIVE A CONSTRUCTION PERMIT FROM THE HEALTH DEPARTMENT.

Example:

Calculating the fee to divide an 8 acre lot into 3 parcels:

+ \$10.00 per lot,	
Number of lots: _____ x \$10=	\$ _____
Map Maintenance Fee:	\$ 35.00
+ \$10.00 per lot,	
Number of lots: _____ x \$10=	\$ _____
<b>Total Due:</b>	<b>\$ _____</b>

<b>Application Fee:</b>	\$300.00 + \$30.00 (3 lots x \$10) = \$330.00	<b>Application Fee Total:</b>	\$330.00
<b>Map Maintenance Fee:</b>	\$35.00 + \$30.00 (3 lots x \$10) = \$65.00	<b>Map Maintenance Fee Total:</b>	+ \$65.00
<b>Total Application Fee:</b>			<b>\$395.00</b>

## Family Subdivision Application Helpful Tips

For completing your Family Subdivision Application and Affidavit

Please consult an attorney if you have any questions or difficulties which are not addressed by this information

### What is the Family Subdivision Application?

This application, if approved, bestows a benefit upon persons who own a piece of single-family residential or agricultural property of at least six acres within New Kent County and want to subdivide it for the purpose of giving or selling it to member(s) of their immediate family. An immediate family member is any person who is a natural offspring or legally defined offspring, spouse, sibling, parent, grandparent, or grandchild of the current owner/grantor of the property. An owner may not convey one of the subdivided parcels to him or herself. If the property is held by joint owners, none of the subdivided lots may be conveyed to one of the joint-owners individually or jointly.

### Why Submit the Application?

Subdividing property is a complicated process, but it is much simpler if the subdivision qualifies for the Special Provisions and Exceptions as a family subdivision. We highly recommend that you review the qualifications, requirements, and restrictions applicable to Family Subdivisions; you can find these in the New Kent County Code, Section 91-126, available from the Community Development office or online at: <http://www.municode.com/Resources/gateway.asp?pid=13371&sid=46>

### Completing the Application Packet.

If you find yourself struggling to understand or complete the application, you may contact the Planning Department at (804) 966-9690. However, your situation may require the assistance of a licensed attorney or other professional. New Kent County employees MAY NOT provide legal advice or assistance. For this reason, we suggest you call (800) 552-7977 or visit <http://www.vsb.org/site/public/lawyer-referral-service/>

Your *tax map parcel number* should be located on your plat (drawing of your property), and is probably on your deed as well. Your *GPIN*, or Geographic Parcel Information Number, can be obtained by contacting the Geographic Information Systems Office in the New Kent County Administration building at (804) 966-8522. Current *zoning* information may be found in the Planning Department which is also in the County Administration building. Your surveyor should provide you with the required *Digital CAD file*, as well as a proper Family Subdivision Plat created in compliance with the further requirements described on page 3.

### What is the Family Subdivision Affidavit?

The Family Subdivision Affidavit assures the County that if your Family Subdivision Application is approved, you will comply with the applicable New Kent Code provisions; it does **NOT** actually convey property.

The Family Subdivision Affidavit also provides a description of the property to be subdivided and the names of the potential grantees (immediate family members to whom the subdivided property may be given or sold at a future date).

As you will see, one of the requirements of the special provisions for family subdivisions is that the owner trying to subdivide must have owned the property in question for at least three years. Because family subdivisions are granted special provisions and exceptions, once the subdivided parcels are conveyed to an immediate family member, that new owner must hold the land for a minimum of two years before leasing, selling, or otherwise conveying the property to anyone else. Your signature and that of all other current owners of the property to be subdivided means you agree that if the Family Subdivision Application is granted, you (the owner) and the grantees (family members who will receive parcels) will abide by the requirements of the New Kent County Code Section 91-126.

### How to Submit Your Application.

When you have completed your Family Subdivision Application, Family Subdivision Affidavit, and detailed plat, you must bring your completed packet to the Planning Department. Other than the surveyor, signatures are not required on the preliminary plats. The office staff will check to make sure that your application is complete and then accept it for review. They will then submit your application to various other departments for plan review. These offices will either approve your submission as is or offer feedback on what part of your plan does not meet their requirements. The Planning Department will return your application if revisions are necessary, and explain the necessary changes.

If or when your application is approved, the Geographic Information Systems office will issue GPINs for each subdivided parcel. You must then have your surveyor create a final plat that meets all of the requirements of page 3 and contains the new GPINs and the signatures of all owners. Each signature must be individually notarized. You must then submit the new plat to the Planning Department for final review then it will be returned to you marked approved. You must then take the final approved plats to the New Kent County Circuit Court Clerk's Office at the Courthouse within six months of approval to have them recorded. You will have six months, from the date your new plat is recorded, to convey your newly subdivided parcels to those immediate family members listed on your Family Subdivision Affidavit. A capable attorney familiar with property transfers and conveyances should be able to assist you with this separate process.
